## Placentia Completes Atwood Annexion

### Surprise Announcement Climaxes Several Months Of Legal Action

Looking with pleasure at the Secretary of State's certification of Placentia's Atwood annexation are, front, Mrs. Esther Gonzales of Atwood, Mayor Robert Finnell. In rear are City Attorney Howard Block, Councilman John Tynes, and City Administrator Edwin T. Powell.

PLACENTIA—Mayor Robert F. Finnell announced Friday that action on the Atwood annexation was completed and the annexation certified by the Secretary of State November 20, making the 539 acre area part of the city as of that date.

Action was taken without

publicity in October to give two readings to the ordinance approving the annexation following the lifting September 2, of the stay order which had preventing completion of action when a suit was filed in March.

City Attorney Howard Block commented that the pending

appeal by Anaheim was now invalid because annexation action has been completed. He will move for dismissal of the action soon.

Mayor Finnell commented, "I think the annexation of Atwood represents an outstanding job on the part of each member of the staff and would not have been possible without the cooperation of the people of Atwood."

Esther Gonzales, one of the leaders in the community, said, "Nobody has taken an interest in our community before. Now we can have the benefits other towns have. We especially want a park for our children."

### City Council Approves Apartment Development

PLACENTIA—Site development approval for an apartment development on the southwest corner of Angelina and Chapman was granted by the City Council Tuesday evening after several changes had been made by the developer Income Property Services.

The Council required that the developer install a red tile roof instead of shake and that he plant trees in the garage areas to break up the long row of carports.

Mayor Robert Finnell proclaimed Veterans Day November 11 to specifically honor Americans missing in action or prisoner of war in Indo-China.

Finnell urged all citizens to write letters to North Vietnam requesting humane treatment of prisoners. He added that Gordon George of the Southern California Water Company has more information and petitions that can be signed by interested citizens.

Councilmen received a sister city report from former councilman Vic Michel recommending that the program be continued, that studies be implemented to look for another sister city in addition to Tlaquepaque, and that the sister city committee be made an official committee of the city.

A committee of councilman Richard Demmer, Michel and Finnell was appointed to study the recommendations.

Councilmen also requested a study on the possibility of having street numbers painted on curbs throughout the city. So far this has been done without organization by private groups. Emergency services had complained that many times street numbers could not be found.

### Planners OK Zone Change

YORBA LINDA — The Planning Commission denied a zone change from A10 to C-2 commercial requested by Ralph Solesbee on the west side of Second Street south of Marda Lane at its regular meeting Monday evening.

The commission also recommended that the City Council establish a five member horse committee to advise the commission and council on matters related to horses.

## Placentia Department Competes For Award

PLACENTIA—The recreation and parks department has been declared a finalist in Class V of the 1970 National Gold Medal Awards competition.

The Department will be competing against five other cities, the Scottsdale Parks and Recreation Department of Scottsdale, Arizona; the Lewiston-Clarkston Parks and Recreation Department of Lewiston, Idaho; the New Hope Park and Recreation Department of New Hope, Minnesota; the Westerville, Ohio, Department of Recreation; and the Roseville Parks and Recreation Department

of Roseville, California. Both the City of Roseville and the Lewiston, Idaho Departments were finalists in the competition last year.

Director of Recreation and Parks Richard Samp is conferring with city architects and designers and is gathering photographs and other information to be submitted by December 15 for the final judging. The final results are presented, and winners are named during the month of January.

### Board OK's Agreement

PLACENTIA — The Board of Education of the Placentia Unified School District approved the Architectural Agreement to construct the so-called Fairmont Elementary School.

Mr. Frank Burciaga, Vice President of the League of United Latin American Citizens, read a letter in which he asked the Board to investigate an incident involving physical contact between a teacher and two students at Valencia High School. A request was also made to review all aspects of student discipline at the school. The members of the Board urged the parents and L.U.L.A.C. to pursue this occurrence through Dr. Tansey, the principal.

In further action the Board established the 1970-71 Ethnic Ad Hoc Advisory Committee with the modification of one member per attendance area instead of two and four members of PUEA.

The Board approved participation in the "Civic Education Project—Understanding the Law" program. Approximately ten teachers will attend sessions starting early 1971.

### Yorba Linda Nature Program To Begin

YORBA LINDA—The Recreation Departments nature study program will begin Wednesday, December 3, and will run five weeks.

The activity will feature both field trips and lab work and will encompass study in three areas, Yorba Linda Hills (chaparral), Carbon Canyon (woodland) and along the river.

On field trips (at least one each week) the participants have a variety of activities including trapping and/or identifying such different animals as mammals, reptiles, insects and birds. Also, the nature studiers will identify important edible plants and discover their uses while in the field. Finally, Field trip activities will include identifying the homes (nests, burrows, etc.) of the animals.

In the lab the participants will prepare plants and also learn the techniques of preserving the various animals. In addition, they will view slides and listen to tapes on animals not found in the field.

The Nature Study program will run two and three days weekly, meeting after school and on Saturday morning. Participants must furnish their own transportation both to the lab and

to field trip locations. Lab work will be at Yorba Linda Junior High School.

The registration fee for the entire five weeks is \$10. Interested persons may contact Jack Horn at Yorba Linda Junior High School or call Ken Sparks 524-5000. After 6 p.m. call 538-8923.

Registration is for junior high and high school age persons and is limited to 20 minimum and 25 maximum on a first-come, first-serve basis.

### YL Police Radar Use To Begin

YORBA LINDA—The police department began to use radar in traffic control this week when signs were installed at city limits stating that radar would be used.

Police department spokesmen said that the radar would be used at various times and that violators would be ticketed. They urged that all drivers obey posted speed limits in the city.

### Placentia Appoints 3 To Board

PLACENTIA—Gordon George, Lee Castner, and Mrs. Ken Griffin were appointed to the newly established Board of Zoning Administration last Tuesday evening by Mayor Robert Finnell.

George is manager of the local office of the Southern California Water Company. Castner is the owner of Castner's Garage in Placentia. Mrs. Griffin has served as an officer in the Sierra Vista and Tuffree PTAs.

The board will handle routine permits and was instituted to allow the Planning Commission more time for work on the General Plan and in updating city codes.

### Fall Weed Abatement Will Begin

PLACENTIA—Fire Chief Jim Sims announced that approximately 125 letters will be sent out this week to owners of property that has been found to be in violation of the Weed and Litter Ordinance.

These Courtesy Letters are the first step in the Weed and Litter Abatement Program and are used to make the property owner aware that unless he takes steps to clean up his property as required in the Weed and Litter Ordinance, that further proceedings will have to take place.

Any person receiving a Courtesy Letter who may have any questions concerning the Weed Abatement Program should immediately contact the Fire Department - telephone number 528-5085.

## Valencia To Start New Arts Club

Valencia will soon boast a new club for vocational art students similar to that of the Future Farmers organization.

Entitled VICA (Vocational Industry Club of America) the club will include members of electronics, drafting, automotive, metals and construction classes.

Tentative advisors for the national club, which is school and state department of education chartered, are

Chuck Allen, Durward Fowler, Terre Krause and Kinne Terrell.

## Vote Rolls Are Purged

Orange County registrar of voters, according to response to inquiry, states that all persons who did not vote in the November 3, 1970, election will have their names removed from the voter rolls.

## Health News . . .

### A Whiplash Injury Can Save Your Life

Whiplash neck injuries are among the nation's fastest growing health problems. Why?

Dr. Donald Brinkley

"The ever increasing number of automobiles rolling onto our congested streets and highways, the mass migration to the suburbs, the

increased speed of our freeway systems, power brakes and more powerful engines all contribute to the growing frequency of the type of accident that can result in whiplash neck injuries," says Dr. Donald Brinkley of the Brinkley Chiropractic Center.

"But in one sense," he goes on, "they can be a blessing in disguise."

"You see," says Dr. Brinkley, "a whiplash is by its very nature a problem for the modern doctor of chiropractic. He best understands the whiplash injury and is best equipped to cope with it. Consequently we see many new faces who visit us because of our reputation in dealing with the whiplash. In our examination and care of these people we often discover that their whiplash is but one of the problems. And proper treatment of the whiplash may well remove what might ultimately cause chronic nervousness or arthritis, although these problems may not have yet manifested themselves.

"Don't misunderstand me," Dr. Brinkley goes on, "the whiplash is in itself a most serious injury and is often itself the cause of arthritis for instance in time."

"This of course means that the whiplash injury can't be left untreated. It will only be that 'blessing in disguise' if the person who sustains the whiplash comes in for a thorough examination and is treated effectively."

According to Dr. Brinkley, too many people do, in fact, let whiplash injuries go untreated.

"A typical misunderstanding of the seriousness which a whiplash could involve, for instance, a young suburban housewife," notes Dr. Brinkley, "Let's say her auto is struck from behind as she is waiting at a traffic

light. There is only minor damage to her car and, at the time, no one seems to be hurt. However, later in the day she develops a headache and begins to notice a slight stiffness in her neck.

"The next morning she feels a bit worse, but since the headache is just a 'slight, pesky one' and the stiffness is not unbearable she decides in her own mind that 'these things take time.' However, the conditions persist and she becomes nervous and irritable. (A young husband once told me...after our accident my wife changed from a pleasant young wife and mother into an irritable, nagging grouch.)"

"Hopefully," says Dr. Brinkley, "our 'typical case' will decide that her self-recovery is taking too much time and will visit us."

Hear Dr. Brinkley speak about "Five Keys to Health" each Wednesday evening at 7:30 p.m., 626 E. Commonwealth, Fullerton.

"If our preliminary exam reveals the presence of pressure on the nerves in the upper part of the spine and the possible displacement of vertebrae we respond to the proper effective treatment."

"I might add," Dr. Brinkley continues, "that after the first effective treatment, a whiplash sufferer such as our 'typical case' is virtually assured of a first restful sleep since an accident."

According to Dr. Brinkley every accident victim should have a thorough modern Chiropractic examination.

"By modern I refer to a simple, painless and inexpensive spine and nerve test that can quickly reveal if you require treatment. And we have the latest scientific equipment at our Center to perform such tests."

It is indeed apparent that a person who has had an accident owes it to himself and his family to have his nerve system tested to find out for sure. Since every health problem has a cause it's obvious that the cause must be found before a person will get well.

Further information regarding this problem can be had by writing the News-Times, Box 10, 130 N. Bradford Ave., Placentia, Calif., 92670.

### Brent Romney Elected CSF Senate Speaker

Junior Brent Romney, a biology major from Fullerton, was elected Tuesday Speaker of the Associated Students Senate at California State College, Fullerton.

Romney will fill the vacated post left by Vince Jantz, a senior political science student who resigned several weeks ago. The election went to ten

ballots before fellow senator Stanwood Johnson, Romney's closest competitor, withdrew his candidacy. Johnson, the senate's parliamentarian, lives in Huntington Beach.

In his campaign speech, Romney called for greater student involvement and responsibility in college business.

### Architect Gives Lecture To Valencia Students

Dr. Kermit Dorius, architect remembered for his work on the Placentia Presbyterian church, recently addressed a group of advanced drafting students during a visit to the Valencia High School campus.

Approximately 30 students attended Dr. Dorius' talk on design which included such subjects as fitness, orientation and circulation with regard to the architecture of a building. He stated that buildings should be simple in form but functional; take advantage of the sun and view; and provide easy

access and free circulation of people.

### Valencia Speech Team Places In Tournament

### Jack Tarr Addresses Elementary PTA'S

Jack Tarr gave a talk on "Men in Space," at a combined PTA meeting of Richard Nixon, Mabel Paine and Rose Drive Schools, Tuesday, November 17, at Yorba Linda Jr. High School.

Tarr talked on the problems faced by anthropologists, physiologists, and other space scientists who make it possible for the astronaut to survive in space. The talk included space suits, "G" forces, food, water, and other problems.

Tarr, an anthropologist, and teacher at the Youth Science Center in Fullerton told of how the Science Center offers classes to all ages.

Monthly lectures, open to the public at no charge cover a wide range of

science subjects such as "Frontiers of the Sea," "Man's Achievements in Space," "Australia's Great Barrier Reef," and "The Misuse and Abuse of Drugs."

### Elections Follow State

Students of Valencia's civic classes, who recently participated in a mock election and campaign program, found they had voted as the public did following election results.

On campus, Governor Ronald Reagan defeated Democrat Jess Unruh, Peace and Freedom candidate, Ricardo Romo, and AIP representative Paul Ehrlich.

### PTA Hears Program About Drug Abuse

Drug abuse by juveniles was the topic of the Sierra Vista PTA's recent general meeting, arranged by Mrs. James Craig, first vice-president.

The subject was discussed in depth by Dr. Edwin Hersh, AMA, and Al Newhart, investigating officer of the Orange County Sheriff's

Department, Narcotics Division.

Newhart, who has been with the division for a number of years, also showed a film and displayed a drug sample kit. The presentations were followed by a question and answer period. Pamphlets on prevention of teenage drug abuse were made available to those in attendance.

### PTA Paper Drive Nets 19.33 Tons

Commitment, concern and co-operation were demonstrated last week by the students and parents of Ruby Drive School.

The annual paper drive brought 19.33 tons of paper, Mrs. Art Fisher, ways and means chairman announced at the November PTA board meeting.

Three room prizes of \$5 each were awarded to Mrs. Scott's kindergarten, Mrs. Woerner's lower grade level and Mrs. Severaid's upper grade level classes.

Ruby Drive PTA wants to thank everyone who helped make the paper drive a success. Due to the overwhelming success of this paper drive another will be held in April.

### Valencia Harriers Place Sixth In CIF Prelims

Valencia's 1970 varsity cross country team finished the season Saturday, November 21, as they placed sixth in CIF prelims,

just ten points short of being in the top five schools of the AA division to enter finals.

CIF prelims were held at Cal State Long Beach. Ten teams competed with 72 runners in the race.

Teams ranking in the top five in the AA bracket are San Marino, Salesian, La Canada, Gahr, and Central high schools.

Alex Lopez, who finished first for the Tigers in Orange League finals, also lead the Valencia Harriers in this contest and placed 13th with a time of 10:16. Another strong runner, Mike Boaz, came in 19th in 10:21, followed by Jaime Vega, 37th, and Ron Mooers, 39th.

Valencia looks to the future '71 season as only one senior member, captain Ron Mooers, on the varsity level will be departing. Juniors Lopez, Boaz, Vega, and Tony Morocco will be returning next fall along with sophomore Manuel Torres and freshman Greg Radar.

Coach Mike Cummins will also be moving up some runners from his Orange League championship junior varsity team and championship frosh-soph team.

## FJC Tops Santa Ana; Faces Bakersfield

Fullerton Junior College finished regular season play by holding on to beat the Santa Ana Dons 21-14 at the Santa Ana Bowl last Saturday night.

It was the Hornets ninth consecutive victory without a loss this year and eighth straight over the Dons.

With the South Coast Championship now clinched the Fullerton team will meet Bakersfield in the "Battle of the Unbeaten" this Saturday night at Anaheim Stadium beginning at 7:30.

Dennis Haughn caught a 54 yard pass from Gary Wann for the first score in the first period and another from Wann from five yards out in the second period. He also kicked both conversions.

His total scoring output for the night was 15 points, enough to become the all time Hornet scoring leader with 153 points breaking Rich Leon's mark of 138 points.

Behind 14-0 with 19 seconds left in the opening half Santa Ana Quarterback

Mike Erickson completed a 30 yard pass to Keith Denson for a touchdown.

In the final period Santa Ana moved the ball 55 yards for a score. A 20 yard run by Denson and a 18 yard run by Williams kept the drive going. Fullback Rick Willis crept over from one foot out. Santos Garcia kick was wide leaving the Dons 1 back 14-13.

Safety Steve Fate then came up with an interception and the Hornets moved the ball 32 yards with tailback Rick Westergard completing a 10 yard pass to Al Parsons.

Then with no timeouts left Santa Ana drove to the Hornet 24 but Hornet defensive back Al Pekarcik intercepted an Erickson pass in the endzone ending the Dons hopes for an upset victory.

Tickets for the State J.C. playoff game Saturday are now on sale at the FJC Bookstore. \$3.00 for the Reserved section and \$2.00 for general admission seats.

## Cal State Drops USIU Game 17-14

If Cal State Fullerton football team were to have played all of its games on the road it probably would have made their own fans think they were great since they were undefeated on the road. But they don't because the Titans have a home football field and it is located at Anaheim Stadium.

Here at Anaheim Stadium the club has compiled a 1-3-1 record including last week's defeat to the United States International University (ex-Cal Western) of San Diego 17-14.

The Titans played extremely poor in dropping their overall mark to 6-3-1, fumbling the ball away seven times, six in the first half, which ended tied 7-7.

The Titans scored first when Chris Jaramillo connected with Stan Chapman on a fourth and third situation from the 36 yard line.

Then Terry McClean fumbled for CSF, giving the Westerners good field position on the Titan 20. Bill Nugent after three running plays carried it over from eight yards out. Dale Curtis then kicked the extra point.

Mike Ernst came in to replace Jaramillo and led the club downfield 80 yards

for a touchdown. He completed three passes to Bruce Rogge for 11, 14 and 11. He also hit Chapman for 9, and Jarmillo for another 14 yards which brought the score to 14-7.

Dale Curtis then booted a 23 yard field goal bringing the boys from down south within four points.

USIU winning score was as unbelievable as a play could be run.

QB Doug Omer, with two Titans hanging on him (a usual sight since he was dropped 14 times during the evening) somehow got away a 38 yard pass to his receiver Tim Titus who was heavily guarded by Niel Vickers and Dan O'Dell. He moved away from Vickers letting him fall then allowing O'Dell to attempt an interception but he missed and Titus as he looked up found the ball in his hands and himself in the end zone.

With a little more than four minutes in the game remaining Ernst connected with Chapman for 40 yards. He was then challenged with a fourth and four situation.

The Titans decided to go with a draw by the Quarterback (which worked well earlier) but this time Ernst was only able to gain one yard.

On the Titans last chance to regain possession of the ball USIU was faced with a third and 13. Nugent burst through the middle of the line gaining 34 yards putting the ball into Fullerton territory and putting the game away for the visitors.

Ernst completed 11 of 20 passes for 163 yards.

Sopomore Chapman caught four passes, two for scores.

Saturday, November 28, the Titans meet Grambling College at Grambling, Louisiana.

## VHS Opens Against Servite High

The Valencia Varsity Basketball team begins the season Tuesday night at 7:00 against Servite High School in the Tiger gym.

The following night the team travels to Anaheim to meet Katella High School with the tipoff slated for 7 p.m.

"We are coming along according to our schedule and beginning to develop into a unit of 14 ballplayers," stated Coach Bob Hamblin.

Hamblin commented on an intrasquad scrimmage the team held Saturday saying it was very encouraging with his team running real well.

The club scrimmages against Sunny Hills today at Valencia then busses to Santa Ana Friday for another scrimmage.

The Tigers have only been hit by two injuries, both to excellent ballplayers up from the JV team Jerry Marmelejo and Alan Perry.

## CSF Opens At Idaho

The Cal State Fullerton basketball team travels to Pocatello, Idaho to open the season against Idaho State University Tuesday night.

## ED Basketball Scrimmages Loara

El Dorado's Varsity basketball team met Loara in a scrimmage last Wednesday.

Official practice began on November 1, and Coach Nash Rivera has been working his team hard to get ready for the December 2, contest against Pacifica.

In the scrimmage against the Saxons, Paul Bottorff scored 12 points to lead the Hawk scorers. Bob Fassett put in eight to help pace the Varsity. Rivera was unhappy with the team shooting percentage of 33 and hoped to improve when the Varsity met Ontario for their second scrimmage. Playing Varsity

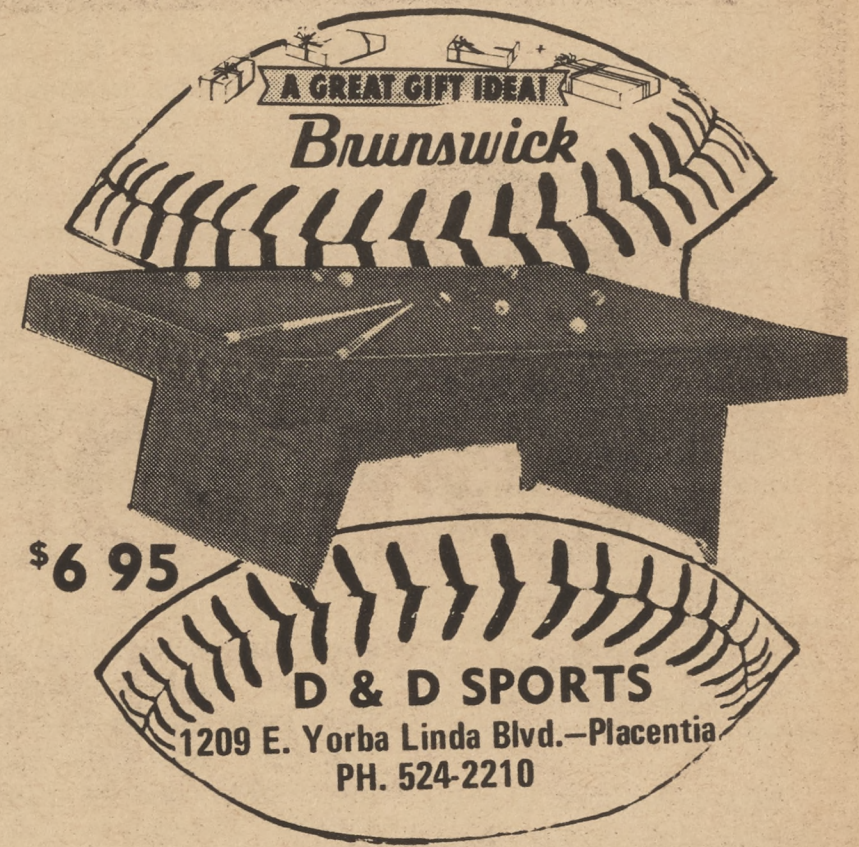

this year will be Bob DeWeese, Bill Willis, Paul Bottorff, Danny Visser, Mike Moore, Mike Farra, Gary Burnett, Dorian DeJesus, Bob Fassett, Jeff Lengle, Brad Bowmen and Elliott Almond.

EDHS' Junior Varsity team is already plagued with injuries. Coach Joe Walton ripped a tendon the first day of practice. 6'4" center Jeff Van Winkle broke his

arm the next day and last Friday, guard Tony Madau received a severe sprain on his left ankle which will keep him out for about a week.

Playing JV's this season are guards, Ronnie Castillo, John Shumate, and Jeff Mathieson; forwards, Gary Whitaker, Don Gage, Mark Dryer, Bruce Osterstrom, and Mark Casarie. Dave Roy will be playing center.

## VHS Water Polo Team Falls To La Puente

Coach Jim Lock of Valencia High School and his 1970 varsity Orange League championship team concluded the water polo season as they fell to a strong La Puente team in the first round of CIF playoffs.

La Puente defeated the Tiger tankmen 14-7 at Roland High School Tuesday, November 17. The entrance into playoffs ranked Valencia poloists as one of the top 24 teams out of 540 schools in the CIF Southern Section.

Captains of the 1970 Tiger waterpolo team were Rick Pickrell and Dave Turnquist. Valencia must part with 11 seniors from the 15 man varsity roster. Those seniors leaving the squad will be captains Pickrell and Turnquist, Don

Brown, Charlie Turnbull, Dave Duffie, Dennis Douglass, Bob Zylus, Bob Snyder, John Quintana, Tim Hofferth, and Wendell Walters. Returning letteen will be juniors Don Gresham, Jerry Folwell, Steve Kneiss, and Chris Kallas.

Coach Lock must single out the playing of Rick Pickrell and Don Gresham. Both poloists have played strong, consistent games all season, but Lock praises his entire squad for their team effort.

## Cody, Benally Featured In Montie Montana Indian Show

What makes the Wild West wilder? "Indians!" says Montie Montana Jr., Western show impresario, who is bringing an "American Indian Pow Wow" with Indians aplenty on November 28 and 29 at the Orangefair Mall, Fullerton.

Iron Eyes Cody, Cherokee Indian actor and

television star, will lead the group with his singing and drumming. He is perhaps the country's outstanding authority on Indian sign language and is often called on to be technical director for the top Western motion pictures. Iron Eyes is featured in three motion pictures now showing: "El Condor," "A Man Called

Horse" and "The Cockeyed Cowboys of Calico County."

A featured Indian dancer is Jones Benally, a Navajo born at Big Mountain Ranch in Oraibi, Arizona. (Oraibi has been continuously occupied longer than any other village or city in the United States, since about 1100 A.D.) Benally dances

the Navajo Ribbon Dance, Feather Dance and the Yei Bei Chi Dance. But his specialty is the dramatic Hoop Dance, in which he almost miraculously weaves his body in and out of intricate patterns formed with from six to twelve hoops.

"Young poeple," Montana says, "seem

especially interested in these 'first' Americans. For the Indian is a symbol of a free natural life. As Buffalo Bill wrote in his autobiography, 'He is the real American, and all of us who have come to share with him the great land that was his heritage should do their share toward seeing that he is dealt with justly and fairly,

and that his rights and liberties are never infringed on'."

DATOS IMPORTANTES  
DE SALUD.

Enfermedades venereas es uno de los problemas sociales mas criticas en la actualidad en nuestra nacion. El gobierno y el Departamento de Salud Publica de Estados Unidos, estan extremadamente preocupados con la rapidez que estas enfermedades sociales se estan propagando. En el presente se habla de esta situacion en terminos de epidemia y se considera un problema casi fuera de control. En esta columna y la proxima le informaremos sobre las cause, sintomas, como se adquiere y como y donde

puede recibirse tratamiento sin costo alguno.

Hay muchas clases de enfermedades venereas y todas son peligrosas, pero las mas comunes son sifilis y gonorrea.

SIFILIS, es causada por un germen muy contagioso. Millones de personas sufren de esta enfermedad que ha causado locura, paralisis, ceguera, deformidad, soldera y muerte sobre todo el mundo y por cientos de anos. Se propaga de persona a persona a traves de contacto sexual u otro contacto fisico como el beso. No se adquiere a traves de excusados o cuartos de banos, toallas o tiradores de puerta contaminados.

SINTOMAS: La primera senal es la aparicion de una llaga o ulcera de 12 a 40 dias despues del germen haber penetrado el cuerpo. Esta aparece en el sitio por donde el germen penetra (por lo general los organos sexuales, y dura por un mes. A veces tiene la apariencia de un grano o ampolla de agua. A veces la lesion es tan pequena que no se nota, especialmente en los organos femeninos. La ulcera desaparecen a veces sin tratamiento pero el germen permanece en el cuerpo u organismo. EL SEGUNDO ESTADO: Este aparece de tres a seis semanas luego de la ulcera. Puede que aparezca una erupcion o salpullido en

algunas partes del cuerpo, llagas en la boca, fiebre, dolor de cabeza y de garganta, se cae el pelo. Estos sintomas a veces aparecen tan benignos que la persona victima no los nota y desaparecen sin tratamiento. Aun asi los germen de la enfermedad prevalecen en el cuerpo con el peligro de propagarse a otras personas y complicaciones serias continuan desarrollandose en una forma muy destructora.

HEREDITARIA—No es hereditaria, pero puede transmitirse de la madre infectada al bebe que no ha nacido. Si la madre recibe tratamiento adecuado durante el embarazo y a

tiempo, la criatura nace sin la enfermedad, si la madre no se trata la criatura, puede nacer ciega, deforme y retardada mentalmente. Sifilis, si no es tratado, los germen permanecen en el organismo y a traves de la circulacion de las sangre son cargados a todas partes del cuerpo causando destruccion. Si se trata cuando los primeros sintomas aparecen, antes de que esta haya causado dano permanente a su cuerpo; puede curarse completamente. Esto no quiere decir que no puede contagiarse otra vez si se expone a una persona infectada. El tratamiento es penicilina y el unico que

## Letter To The Editor

Dear Placentia Resident:

We have taken this means of informing you that the Placentia Park Development Program is nearing completion.

Pictured is vandalism at Tuffree Hill Park—a broken window in the Tynes gymnasium which will cost you approximately \$25.00 for replacement. This type of activity, along with broken light fixtures, etc.,

redirects funds which could be used to enhance the park in a positive way.

We are asking each family's cooperation in making each of Placentia's parks a park that we may be proud of for many years to come. We ask the cooperation of you and your children in making this a reality.

Richard R. Samp, Director, Recreation and Parks

## Christmas Party Set For December 12

A regular member Christmas Party is being planned for December 12th at the home of Mr. & Mrs. James McAteer for the North County Child Guidance Center-Placentia Fund.

Approximately fifty people interested in supporting the Child

Guidance Center will be in attendance.

On December 9th there will be a soup luncheon and bridge meet in preparation of the holiday festivities. Decorations will be placed in the most appropo manner and the December party will be in a formal attire for those attending.

Officers this year in the Yorba Linda Little League Auxiliary include, from left, Nona Breen, treasurer; Doreen Weaver, second vice-president; Lily Benavidez, president; Kaye Negrón, first vice-president; and Carol Comp, secretary.

## YL Junior Women To Open 'Angel Tree' Soon

The Yorba Linda Junior Women's Club is sponsoring an "Angel Tree" this Christmas season. The public is invited to the opening night ceremonies, November 29, at 6 p.m. in front of the Safeway store on Yorba Linda and Rose Drive.

Attending the ceremonies will be city officials from both Yorba Linda and Placentia and the Mozart Choir of Anaheim High School singing Christmas Carols.

The "Angel Tree" will be decorated with 200 names and ages of needy children provided by the probation department of Orange County. The decorations for the tree are being made and donated by the Yorba Linda Juniors.

Various organizations

from Yorba Linda and Placentia have volunteered to be in attendance to help individuals in their selections for a specific age range of a boy or girl. The gifts are to be purchased by the person wishing to donate and are returned to the "Angel Tree" for wrapping and tagging.

The "Angel Tree" will be attended during normal business hours, Monday through Friday 10 a.m. to 9 p.m., Saturday 10 a.m. to 8 p.m. and Sunday 10 a.m. to 7 p.m. The tree will be open from November 29 until just before Christmas.

The Women's Club urges everyone to be an "Angel" this Christmas and share their good fortune with a child who has none.

Preparing for the Welcome Wagon Newcomers Club Snowflake Ball are from left, Ann Davidson, ticket chairman; Glenda Lamb, door prize chairman, and Shirley Bass, president.
